Dear Mr. Temple,

I would like to thank you for your quick response, professional approach, and superb results you achieved for me with the recent investigation you completed in lower Manhattan.

As you know this was a sensitive matter at a high profile property that involved a number of bargaining units, and could have easily gotten out of hand. Your discrete approach and well documented report gave me the results I needed. I was extremely satisfied with the caliber of your work.

In the future, should I need any of the security services your company provides, I will not hesitate to call on you.

Sincerely,

Arthur Zayat
